Dear family, friends, and supporters,

I am honored to be a Debutante in The Cotillion Society of Detroit Educational Foundation (TCSDEF) for the 2025 Debutante Club.

The Debutante Club is designed to allow young women a rite of passage and presentation to polite society. TCSDEF's mission is to extend programming to teens regarding their social, civic, and educational advancement. I am looking forward to activities that teach me proper etiquette and social grace.

The Debutante Season will provide me with the opportunity to enhance my skills in educational, cultural, and social programs. The activities and training sessions are geared to help develop me as a young lady and prepare me to succeed in life.

My mentors aim to inspire me to strive for higher standards of living, enhance confidence, and encourage me to participate in cultural and community service, as well as solidify career goals. I will be presented to polite society on Saturday, April 5, 2025. This will be a magical journey and I am looking forward to the Debutante Ball.

Sincerely,

Nadiyah Tarver
